MURDER TRIAL NEARS CLOSE; LAWYERS TALK

Long Arguments To Prevent
Kenton Case Going to Jury
Before Thursday.

DEATH ASKED BY STATE

Accused Youth Stoical During
Final Proceeding of
Hearing.

Special To The Star

KENTON O., Dec. 3.—Pleas for life and death filled common pleas court today as state and defense attorneys started summing evidence introduced the last seven days in the first degree murder trial of James Willis.

Willis, indicted for the fatal shooting of George L. Ansley Oct. 26, will not know his fate before late tomorrow. The lengthy arguments of six attorneys are not expected to be completed before Thursday noon. At that time Judge H. E. Hoge will deliver his charge and give the case to the jury for deliberation.

Willis Unmoved

Showing apparently no interest in the proceedings, Willis heard Prosecutor M. B. Underwood demand that the jury return a verdict of first degree murder carrying a penalty of death in the electric chair. Underwood declared the state had shown Willis to be sane the night of the shooting.

With the same stoicism, he listened to Attorney Dwight Cessna review the testimony offered by the defense. Cessna said that Willis' alienists had proved him insane and not responsible for his acts.

The courtroom was crowded as the arguments got under way. Willis' mother sat behind him at the counsel table. She displayed no emotion while the statements were being made to the jury.

Time of Arguments Unlimited

Four more attorneys are to talk before the jury is charged with the case. H. D. Lease will continue for the state this afternoon followed by C. M. Cessna and Roy Warren Roof for the defense. Charles R. Price will conclude the state's arguments.

Judge Hoge did not limit the time for the arguments.

Yesterday's court session was taken up with rebuttal testimony of the state. Three alienists testified in an effort to refute the insanity defense offered by Willis' counsel. Frequent legal tiffs over points of the law involved in the proceedings featured.

Not guilty by reason of insanity was Willis' plea to the charges. The indictment charges him with fatally wounding Ansley when he was bailed in his attempt to see Ansley's daughter early in the morning of Oct. 26.

HEALTHIEST IN U. S.

MARION SNYDERGAARD AND WM. BODENHAMER

CHICAGO, Dec. 3.—A blue-eyed 15-year-old country Iowa lass, with flaxen hair and a boyish bob and a modest but winning smile, and a 20-year-old college lad from Missouri are the healthiest 4-H girl and boy in the United States.

Miss Marion E. Snydergaard from Grundy county, Iowa, is the girl and William Ross Bodenhamer, 20, Johnson county, Missouri, a ruddy-faced and brown-haired student at the Central Missouri State Teachers college, the boy.

Only a slight inflammation of one eyelid which someone suggested might have been a bit of Chicago dust and a small defect in the alignment of her pearly-white teeth kept Marian from scoring 100 in the

national health contest sponsored by the boys-girls 4-H club contest. As it was she scored 99.

A PAIR of slightly bowed legs and teeth defects were all that stood in William's way of a perfect score. His good points totaled 98.

Both are products of the farm. Both are "fresh air flocks" get their nine hours of sleep every night, eat lots of vegetables and drink at least a quart of milk a day. No tea or coffee are consumed by either and they don't smoke.

Marian weighs 128 and stands 5 feet 4 inches. William's weight is 151 and his height 5 feet 6 1/2 inches.

The winners were selected at the International Livestock Exposition here.

STRIFE SPLITS G. O. P. RANKS IN OHIO SENATE

Five Insurgents Bolt Caucus; Fear Coalition Move with Democrats.

By The Associated Press

COLUMBUS, O., Dec. 3.—Factional strife had torn the ranks of Republican members in the new state senate wide open today and with the selection of Senator Earl Lewis of St. Clairsville as majority floor leader left five insurgents holding the balance of power.

The insurgents, headed by Senator Frank E. Whittemore of Akron, who opposed Lewis for the majority leadership refused to participate in the party caucus yesterday.

So the other 13 Republicans in the senate caucused without them sent committees with peace proposals which proved futile and finally chose Lewis in a session that lasted until 8 o'clock last night.

The action of the dissenting group in bolting the caucus was the result of their opinion that Edward C. Schorr, director of commerce, was attempting to dictate the organization of the new senate.

Was Campaign Manager

Lewis managed the recent state Republican campaign and the bolters looked upon him as a Schorr-Cooper candidate for the presidency pro tem. They accused Schorr of discrediting the party.

Whittemore's followers were Senators Nils P. Johnson of Youngstown, V. D. Emmens of Akron, Walter C. Nickels of New Philadelphia, and C. J. Anderson of Shelby.

Whittemore offered to withdraw in favor of Senator L. I. Marshall.

LAKE BOAT WITH 20 ON BOARD MISSING

Salvage Association Asks Coast Guard To Hunt for Freighters.

By The Associated Press

CLEVELAND, O., Dec. 3.—The Salvage association requested the coast guard here today to search for the freighter *Usona* of the F. D. Gleason coal company, Detroit, which left Cosmopolitan Monday morning bound for Fairport, O.

The *Usona*, 212 feet long, is at least three days overdue. It carried 20 men.

The Salvage association suggested the coast guard search for it first around Lake Erie, believing it may have taken refuge there from a heavy storm.

W. D. Wilson, secretary of the association, said agents for the Gleason company asked that the search be made, preparing to file claims for insurance.

OPENING MOVE MADE TO AID EMPLOYMENT

Appropriations Committee of House Recommends Boost in Building Fund.

WOULD SPEED UP PROJECT

Total of \$132,558,379 Proposed for Federal Construction Work.

By International News Service

WASHINGTON, Dec. 3.—The first congressional step to expand federal activities to provide employment was taken today when the house appropriations committee recommended a boost from \$48,000,000 to \$68,000,000 in the annual public buildings appropriation.

The recommendation was made in reporting the annual treasury-postoffice supply bill to the house.

The \$60,000,000 sum, the committee explained, together with an existing balance of \$72,558,379, will make available \$132,558,379 for public buildings in a 20-month period ending June 30, 1932. More money may be asked later in the session.

To enable the treasury to speed the public buildings program, the committee asked \$725,000 additional to employ outside architects.

Deep Cuts Made

In reporting the first of the big supply bills, the committee slashed deeply in the allotments of both departments in an effort to keep the government "out of the red."

The combined treasury-postoffice appropriations recommended total \$1,083,553,943. The budget cut \$86,906,095 under last year's figures, while the committee slashed the budget \$2,728,410. Permanent annual appropriations, not included in this total, bring the combined cost of the treasury and postoffice for next year to more than two billion dollars.

The bill includes a boost of \$475,890 for the bureau of alcohol of the treasury, a part of the prohibition enforcement regime. The total for the bureau is \$4,814,420.

The coast guard was allotted \$32,897,582, an increase of \$105,525 over last year. The coast guard's allotment for anti-smuggling work is \$13,389,850, which includes prohibition enforcement on navigable waters.

New Air Routes Proposed

Two million dollars is allowed for new air mail routes as follows: Louisville-Fort Worth, Kansas City-Denver, Pittsburgh-Norfolk, St. Paul-Winnipeg, Richmond-Jacksonville, Greenboro-Columbus, Augusta-Pueblo-Fort Worth, Pueblo-El Paso.

The committee denied a budget recommendation of more than a million dollars for increases of

STATE AGENTS GET 2 ON LIQUOR CHARGES

One Pleads Guilty and Is Fined \$100; Other Denies Accusation.

State prohibition officers arrested two men on liquor possession charges when they visited Marion county last night.

One of the two, Clarence Tennell, 37, pleaded guilty to arraignment in probate court this morning and was fined \$100. Frank Nickols, 37, denied a similar charge and will be given hearing in municipal court Monday. His bond pending hearing is \$500.

Vera Cloud, colored, of North State street, who was arrested by state officers nearly two weeks ago on a possession charge, changed her plea in municipal court this morning and was fined \$100. The fine had not been paid at noon.

Tennell was arrested at a filling station on Marysville road south of Newmans. The prohibition agents confiscated two and a half gallons of alleged whisky, 32 bottles of beer and some empty bottles.

Sheriff John J. Francis later confiscated two slot-machines at the station.

Nickols, of 801 West Center street, made a nearly successful attempt to dump liquor when the agents raided the residence, they report. More than a quart of alleged whisky was mopped up from the floor after Nickols attempted to dispose of it. Two cases of empty bottles were confiscated. The agents were accompanied on this raid by city police.

CHURCHES PREPARE FOR WORLD'S FAIR

Chicago Religious Groups Plan Spending Millions To Receive Visitors.

By International News Service
CHICAGO—Churches of Chicago are planning to spend millions of dollars preparing for world's fair visitors in 1933, it is revealed in the yearbook of the Chicago Church Federation, just published.

Various religious groups here intend to build new houses of worship, modernize parish buildings, landscape their grounds and beautify the interior of their buildings.

In conjunction with the fair there will be a world parliament of faiths, according to George W.

Dixon, chairman of the committee on churches of the 1933 exposition. This is expected to bring to Chicago representatives of all the great religions of the world to seek a common understanding of the purpose and the will of the Lord and Father of us all.

Nothing short of doing much, describes the way the churches are preparing for the fair. It is a goal they have set for themselves for having their buildings and equipment in the finest condition to receive the millions of guests who will be here at that time.

At least such was the case of Miss Hard Bonded the interesting heroine of Miss Lavinia's story. The author is a well known New York newspaper woman and critic and is none other than Miss Stella Hard a former Marion resident.

RAQUEL BOJOS treats herself called "hard boiled" by a stranger, who later befriends her to the extent of several hundred dollars in the Florida the town's night club. Raquel tries to get home life and when her father takes the liberty to publish the facts for her own and Bill Johnson's marriage, it proves too much for her. With the money loaned her by the stranger, whom she promises to marry in New York.

JANE DIXON

she starts for the city and soon finds herself in an inexpensive hotel. Her experience with a friendly woman whom she meets in the lobby of a theater and later with the boy friend visits a night club, makes her wary of strangers. Raquel's admiration for a very expensive hat brings her to the notice of Monsieur Alphonse the owner of a very exclusive shop and her beauty causes him to employ her at once as a model. To Paris next where she is as much a sensation

as in the exclusive shop and her clothes excite a little envy on the part of the ladies on the boat going over. There are always men in her life so it is small wonder that one is nearby when she decides to step into the ocean and this time it is the real one. There also are women in her life, some filled with envy and others sacking advice, and to all Raquel is of some assistance. An excellent foil to Raquel is the blonde Greta whose dashing manners and looks, combined with her clever scheme in the art of gold-digging and wisecracking add an entertaining bit of comedy to the story.

"The Virgin and the Gypsy" New Novel
D. H. LAWRENCE'S posthumous novel, "The Virgin and the Gypsy," is a fiction of such brevity as to be hardly more than a novelette. In it, the first Lawrence novel since his America-forbidden "Lady Chatterley's Love," the author expressed his individualistic philosophy, the right to escape tribal inhibitions.

The tale is that of a young woman of 19, Yvette Saywell, daughter of a country rector in England. Her mother had eloped from the soggy household and now Yvette finds its restrictions and the dominations of a bulbous granny almost as impossible. The story is of her chance meeting with a gypsy who rescues her from a flood before he disappears out of her life.

Jane Addams Writes of Hull House
JANE ADDAMS has rounded out 40 years at her Chicago settlement center, Hull House. "The Second Twenty Years at Hull House" brings her story and her philosophy to the present. Out of it emerges the vision of social work growing from a neighborhood affair to a world-wide influence affecting all mankind.

Murderers Tag Victims in New Book
"THE TAG MURDERS" by Carroll John Daly is really what the title says. The bodies of all those murdered are tagged. Just what the motive is is difficult to determine, and of greater concern is the problem of seeing that they are stopped. A murder gang operates in the story and the leader is most dangerous and clever. The story moves fast and has lots of action, giving the reader something to thrill over continuously.

Author of "Ex-Wife" Writes New Story
"STRANGERS MAY KISS" is something new by Ursula Parrott, author of "Ex-Wife." Portions of the story are told in the heroine's diary giving a more personal touch to the author's crisp and breezy style.

Journals Published in Single Volume
HAVELOCK ELLIS' journals, "Impressions and Comments," were originally published in three separate volumes, of which only small editions were imported from England by Houghton Mifflin Co. To mark their growing popularity the publishers are now issuing them in a single volume "Fountain of Life" with a new introduction by the author.

Sabatini Visits Scene of Novel
RAFAEL SABATINI, after rehearsing his play "The Tyrant in New York, left for Charleston, S. C., the scene of his earlier novel and play, "The Carolinian." Before returning to England he plans a few days in Boston where his publishers, Houghton Mifflin Co., have just issued his twenty-second novel, "The King's Minion."

The Stars Say—

For Thursday, Dec. 4

AN unusually eventful and interesting day is forecast from the powerful planetary configurations holding sway. There is a sign of a sudden and quite unforeseen development of the affairs of far-reaching results and of radical importance in shaping the future career. Change of business and environment are probable with an enhancement of finances and position. These may be sought with enterprise and ambition but be on guard against some small treachery or tribulation. The personal affiliations or undue indulgence should not be permitted to interfere.

Those whose birthday it is are on the eve of an eventful and revolutionary year, with great change and much success impending. Promotion, adventure and increase of wealth are imminent, but be on guard against duplicity and be careful not to let personal indulgence intervene or complicate unusual opportunities. A child born on this day should be splendidly equipped for success and achievement of high aims in life, being skillful, original, inventive and adventurous. But a tendency to personal indulgence, or romantic projects may dominate, although it could also succeed in poetry, music or art, possibly of a spectacular nature.

LAST NIGHT

at the

THEATERS

Dressler, Beery
in "Min and Bill"

ONE of the most enjoyable theater programs, headlined by "Min and Bill" starring Marie Dressler and Wallace Beery, awaits theatergoers at the Palace tonight. The opening last night was attended by a large crowd, brought by the popularity of the two stars. Marie makes her entire repertoire of faces playing her part as Bill's lover. Bill is a sailor and Min runs a "joint" along the wharf.

Min's love and determination to see Nancy (Dorothy Jordan) gets a happy future provided for her give the show a touch of pathos. To do this Min is obliged to use extreme measures with Nancy's mother, a disreputable character. Neither Nancy or her mother know each other are alive until the mother learns the truth late in the drama. Min keeps the selfish

mother from interfering with the daughter's happiness.

The comedy is charming, different. Although it is not a thick plot of a suspenseful or dramatic nature, it is a complete comedy and a very complete one. The Palace is a very complete one.

Utilize Machine Guns
To Put Down Gangsters

By International News Service
SEATTLE, Wash.—Machine gun practice is now a part of Seattle police force routine as this city and many others plan to meet gang-

sters on their own ground and beat them at their own game.

Packed squads of patrolmen are sent to Port Lawton where they are learning the rudiments of the rapid fire weapons and the use of the two-barrel.

That the drop first and shoot to kill is the new number one drilled

into the machine gun recruits.

Proper armament to cope with the new bandit threat is being added to the armory of the force, police officials declared.

HOLIDAY INTERRUPTS SCOUT ACTIVITIES

Thanksgiving and Work on Main Street Big Items of Week.

Thanksgiving and the Main street opening played havoc with scouting in Marion last week. Twenty or more of the Boy Scouts assisted the Marion police in keeping order at the street opening carnival and everyone stayed home Thursday for a big Thanksgiving dinner. And after a big turkey dinner, there wasn't a Scout in Marion who felt like quieting down to a regular troop meeting.

However, five of the troops met and planned for future get-together affairs and to assist the Central Welfare Commissary.

Visit Camp Troop No. 1 of the Y. M. C. A.

spent Thanksgiving and the weekend at Camp John A. Owens.

Plan Dinner

Entertainment for the annual parents' banquet to be given by Troop No. 5 of the American Legion, was planned at a meeting Wednesday night at the Legion about.

For a time the troop practiced swimming, and later enjoyed several games.

The scouts decided to have the parents take decorated baskets to the school picnic banquet, and then to hold the tenderfoot feature before the stunts and other entertainment was given.

Distribute Cards

Cards to be passed for the Central Welfare Commissary were distributed at a meeting of Troop No. 10 of Forest Lawn Presbyterian church, Monday night. The territory to be covered by the scouts was discussed. East of Lincoln and their advance was set as the territory for the troops to work.

Three visitors attended the meeting at which one tenderfoot and a second class advancement was made and merit badge work accomplished. One new scout was taken into the troop.

Hold Boxing Match

A boxing contest added pep to a meeting of Troop No. 2 sponsored by the Spanish-American War Veterans, Friday night. Two visitors witnessed the match and the games which followed.

Attend Reception

Troop No. 15 of Fifth Memorial Baptist church went in a body to a reception for the new pastor, Rev. E. C. Pottorf, last Monday night. In a short business meeting, the West End district of Marion was chosen by the troop as its territory in which to distribute the cards for the Central Welfare Commissary.

Paul Hoffman was enrolled as a member of the troop.

A refrigerating plant for fruit and vegetables destined for export, which, it is asserted, will be the largest in Europe, is to be built at Verona, Italy.

STOP BAD BREATH

Thousands of people afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. Olive Tablets bring no gripping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after 20 years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound; you will know them by their olive color. Take nightly for a week and note the effect. 15c, 30c, 60c.—Adv.

"We invade a new field with vastly improved cars at the lowest prices in our history"

BY WILLIAM J. McANEENY
President, Hudson Motor Car Company

WE have built these models up to and beyond the 1931 standards of performance and quality in every way, and have never in our history offered so many improvements. Quality is greater down to the last detail. Every phase of performance has been greatly improved, and the luxury we have built into the cars is substantially greater than ever before. Motors are larger and more powerful. An efficient system of oil cooling is introduced. A marked improvement in carburetion increases flexibility and economy. Bodies are longer and wider. These cars possess the finest, easiest riding qualities. For the first time, such comfort is available at these low prices. Only great manufacturing economies and the fact that our large resources permit us to take the fullest possible advantage of reduced commodity prices have enabled us to offer the public the greatest combination of quality and low prices in our entire history.

Owner-Management Permits Exclusive Value Advantages

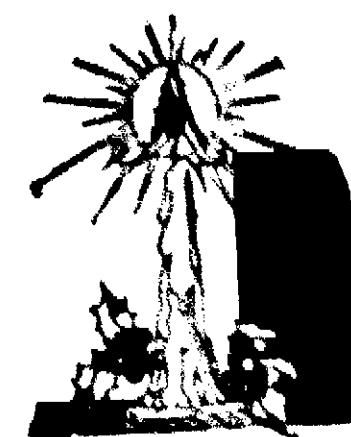

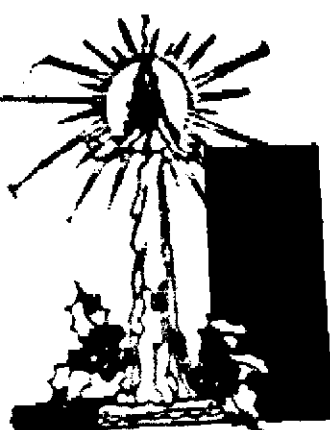

Owner-management enables Hudson Essex to give you outstanding advantages in quality and price. The men who are now guiding its destinies have been with the company since its inception twenty-two years ago. Its department heads and principal distributors are its controlling owners. Their independence is backed by unusually large resources in capital and plant facilities. It enables Hudson Essex to lead in design and engineering quality. It permits economies in manufacture and distribution that bring exceptional quality direct to the public at distinct price advantages.

New York Day by Day.

BY O. O. MINTYRE.

BY O. O. MINTYRE.

New York, Dec. 2.—For more than a year have been watching a sidewalk baby-race experiment with increasing astonishment. It supports a cart load of hygienic theories and sanitation laws. All the formulas of experts have been thrown into discard.

It is frequently heard New York has no place to rear a child—children need pure air, sunshine and playgrounds. These babies I saw watched too arduously are twins. Their parents either work or own a delicatessen on Third avenue. Like Topey, the youngsters just grow.

Last winter in fair weather and foul, the babies were on the pavement in their perambulators. Overhead the serpentine elms produced the usual clatter. In the press of pedestrian traffic the infants just cooed as clutched at passersby.

At times they tried to stuff their tiny toes into their mouths. Not once have I ever seen them cry. They were given chunks of bread to chew and they lay goo-gooing at the drama the panhandlers and the tottering viragos of the polyglot world of "Thoid ava-noo."

The dirt and smoke of the city appear to make their cheeks pinker and their bodies fatter and healthier. There was a calm March when it was misting heavily and as passed the tots were still in their carriage, serene thumb-sucking slumber.

The other day I passed along again. They are sitting up now and a baby coop supports the carriage. There they sit playing with a rag doll and a faded paint rubber ball. A cardboard has been placed over an iron grating keep their playthings from falling through.

At ground is the usual cement street. Beneath them is a cellar filled with fat. Stray cats rub against them and roaming to lick their faces. But the cheerful cherubs, undaunted. And they better be taken care soon. For many of us are fighting off a k

John Ringling, the circus man, is one of the most astute business men in the land, and accounts largely for the fact he is one of the richest. Recently a go-getter auto salesman was trying to sell him an automobile. Then

A pause and the naive Mr. Ringling inquired softly: "Will it jump sideways?"

Then there was the Ringling clown wanting a raise in salary. He was getting \$60 a week and "Mister John," of course, knew it. "Mr. Ringling," pleaded the clown, "I would like to be with your show next year but I ought to get \$20 a week more."

"Twenty dollars a week more!" screamed Ringling. "Heavens, man, you are getting a week now!"

The clown withdrew, hoping the circus would not find out the real figures. That ended that.

Fashion Decrees Darker Hosiery for the Winter

FASHION has decreed that dark-
er stockings for the winter
months are the smart link between
skirt and shoes. Very flattering
and very sheer is the chic hose
which clings to the leg with a
shadowy transparency.

Since black is the popular tone
for all other wearing apparel it is
quite in line that hose worn by the
well-dressed woman should be of
darker tones than those of pre-
vious seasons.

The most popular mode for the
season is known as black tulle
which is a shade off black and
darker than gunmetal. It is rich
in coloring and is all that is need-
ed to set off the new winter coat and
shoes. This shade of hose will be
worn almost exclusively with black
shoes.

Brown To Be Worn

A deep brown, designated by Mar-
tion salesgirls as "Manila brown,"
will be worn with the brown shoes.
Off black orinky tints will be es-
sential to green shoes.

Stockings have been effected by
the progress of fashion as much as
coats and hats. Light greys and
tans for winter ensemble are no
longer considered smart.

The correct shade of hose is de-
termined entirely by the shade of
the shoe, the time, and the occa-
sion.

For instance, the off black or
affink types are the proper items
for all daytime affairs where black
shoes are worn. Manila and leaf
brown are proper with brown foot-
wear, but for evening, the shades
are lighter and very sheer.

A slight variance from the off
black which is good for business
as well as dress wear is a gun-
metal shade with a definitely blue
cast.

To Be Sheer

For this season's holiday dances
the stockings will be sheer and
will either be in pastel shades to
blend with the gowns or will be
bewitching skin tones, which have
gained much popularity for the
formal costume.

If white shoes are worn with the
evening gown, then the hose
should by all means match the
gown. This is an easy matter for
the Marion shops are carrying a
most complete line of the shades
that will match most perfectly the
brightly colored gown.

Where black or dark shades of
slippers are worn with dance
frocks or dinner gowns, carefully
selected skin tones are selected by
saleswomen for fastidious pur-
chasers. This type of hose is sheer.

Gone is the luster from the
stockings. They are now made of a
fine twisted silk, which does away
with the sheen, and gives them the
dull cast, which is considered quite
chic.

The all-silk stockings come in a
variety of weights, and a warmer
and more practical stocking is
made of a combination of silk and
wool.

Up With Times

School girls no longer want
to wear cotton ribbed stock-
ings. They are eager to keep
abreast of the times and are buy-
ing silk hose in the new shades or
the silk and wool combinations.
Anklets, in a variety of shadings
and in cotton, silk, wool and lace
will be worn this winter over the
hose of skin tones.

Socks will not be worn this
winter, even by the youngest
children. Full length stockings ap-
pear to be the vogue.

Many of the stockings worn by
youth are ribbed or in fancy de-
sign. Not many black stockings
are purchased for children.

FARM AID URGED

Fund of \$25,000,000 Recommended for Loans.

WASHINGTON, Dec. 3.—The department of agriculture today recommended an appropriation of \$25,000,000 for seed, feed and fertilizer loans to farmers in distressed areas.

Information was given that the department of agriculture today recommended an appropriation of \$25,000,000 for seed, feed and fertilizer loans to farmers in distressed areas.

The agriculture department urged quick action, "in view of the enormous number of individual applications for loans that will have to be examined, and the desirability of putting funds in the hands of farmers by the time they have actual need for them."

MERRY CHRISTMAS PROSPECTS BRIGHT

Merchants Prepare for Shopping Rush with Full Stocked Shelves.

Continued From Page One

Merchants are passing on to Marionites an unusual array of Christmas bargains.

Christmas trees will bend down farther this year than ever before under the weight of gifts if the Christmas budgets are kept on a par with previous years.

Economists point out the Christmas trading season will give the wheel of prosperity an extra turn, for the increased volume of business will build up the orders of merchants. These additional orders will in turn stimulate greater activity in industrial circles, necessitating the employment of more men. This brings the benefits of liberal Christmas buying back to the workingman.

Even the unfortunate will share in a gay holiday season. Arrangements have already been made for a community Christmas tree, while lodges and other organizations are preparing to distribute well filled baskets among the needy Christmas day.

CARHART REELECTED OHIO SENATE CLERK

Ralph E. Carhart, son of Mr. and Mrs. Fred L. Carhart of 338 Franklin street, was reelected journal clerk of the Ohio senate, which convenes in January, at a Republican caucus held yesterday in Columbus.

Carhart has held the position for the past two years. Duties of the post are to keep a record of all business of the upper house of the state legislature.

He is a senior in the law college at Ohio State University, where he received his A. B. degree in 1928. He was graduated from Harding High school in 1924.

Dr. C. J. Nichols, local dentist, was defeated in the caucus by I. R. Stoner of North Canton for first assistant sergeant-at-arms in the senate.

Driver of Car in Crash Not Taxi Co. Employee

Dwight Davis, mentioned in the \$10,000 damage suit filed Monday in common pleas court by Rosa Farrugio against E. C. Baldwin and B. H. Ault of the Yellow Cab Co., is not an employee of the company but instead merely hired the machine from the defendants on the night of the collision over which the suit was brought, it was pointed out today.

The plaintiff alleges that the Oldsmobile machine driven by Davis and owned by the taxi company, crashed into her machine south of Bucyrus during a dense fog on the night of Jan. 12, 1930, causing injuries which she says will result in permanent scars. She was a passenger in the machine which was driven by her son Angelo.

increased pay for their work. Almost doubling wages, if the law would attempt to limit the number of the usual four, would mean a city detective is paid \$100 a month.

The men say they want to do half as much as they are doing to give twice as many men work.

That idea will keep them poor and force in machines that will do more than men ever dreamed of doing.

To fight progress is folly.

GIVE WOMEN a chance, and they work. In the art they are doing more than men in proportion to opportunity.

Mrs. Ruth Nichols of Rye, N. Y., writes from the Atlantic to the Pacific in 15 hours 56 minutes, taking almost nine hours from the women's record.

Does she rest and talk about her work? No! She will start again and see how fast she can cross the continent in the other direction.

In women courage and a superiority of the other good qualities are more highly developed than in men.

Concent, which is useful because it encourages us, keeps men from knowing it.

TO SAY THAT Mr. Davis, former secretary of labor, can't take his seat in the senate is preposterous. The senate, itself, is the judge of its membership. The right of the people is to elect whom they please, to represent them.

The senate acted wisely in giving Mr. Davis his seat.

If he alleged by Senator Nye, more than \$300,000 was spent at the primaries to win the election for Mr. Davis, the facts, doubtless, will come out.

Mr. Davis, a poor man, until recently official of a labor union, possesses no such fortune. The people will want to know who was willing to spend more than half a million to send Mr. Davis to the senate. Doubtless it will be found that the money was contributed by union labor, anxious to have, in the senate, an able representative.

RUSSIA possesses in vast quantities and in quality unexcelled the manganese necessary to modern life and used by you every day although you may not know it.

It is the metal that makes steel stronger. You use it in the axle and other parts of your automobile, big or little.

Our big steel companies get their manganese from Chiaturi in Russia. We produce the precious metal here on a modest scale and Russia threatens to swamp our manganese industry.

How to protect that without making the public pay too dearly is the question.

EUROPE LEARNS of a five-power alliance including Hungary, Italy, Albania, Turkey and Bulgaria, to compel a revision of the Versailles and other peace treaties. A majority of human beings, including millions in this country, believe that those treaties were unjust, and dictated by war hatreds and bitterness.

They will not live.

With the majority of the cases disposed of the Marion county grand jury today recessed until Thursday before completing its consideration of the 20 criminal cases on which it has been working since Monday.

The few remaining cases will be reviewed Thursday, following which the body will make a report of its findings to Judge George B. Scofield at common pleas court. The report may not be made until Friday or Saturday.

CASE CONTINUED

Two Charged with Rum Possession Face Court Today.

The case of J. A. M. Sansotta, charged with illegal possession of intoxicating liquor, was continued until this afternoon by Probate Judge Oscar Gast after having been scheduled for hearing yesterday.

Lillie Smith of 680 Hocking street, colored, also was to appear this afternoon in probate court on a similar charge.

Sansotta was arrested a month ago by state prohibition operatives at a West Center street restaurant of which he is proprietor. He pleaded not guilty when arraigned and was released under \$500 bond.

No man is ashamed of his act as often as he should be.
